AUGUST 2017 NEWSLETTER

## In Our Store

- We are making some changes on our feed prices and delivery fees. For example, our Purina Ranchhand Breeder Cubes are now priced at \$8.24/50LB bag down from \$8.97/50LB bag. If you are taking advantage of the 2% cash discount, you can see a price of \$8.08/50LB bag after the discount is applied. As a reminder to see the 2% discount, you need to pay with cash, check or place it on your account for payment before the discount payment period ends. Concerning delivery fees for feed or other supplies: you can see \$60.00 for a one-stop delivery within a 25 mile radius of the store. Other delivery fees will apply for additional stops or further distances. Stop by the store to see what other price changes are being applied.
- We have a rebate offer from Wrangler going on. If you purchase 2 pairs of jeans, you can mail in a rebate and receive \$10 back. This offer is valid on purchases from August 1, 2017 to August 20, 2017.

## In the Yard

- Do you have gray spots on your grass blades?  
If so, consider spraying a liquid fungicide such as **Consan** (Multi-function outdoor/indoor fungicide, disinfectant, algacide, sanitizer, and deodorizer for the garden and home). Use on ornamentals, grass, trees, roses, and household hard surfaces. This product works quickly and will not harm plants. **\$10.75/Pint**
- We are now carrying **Neem Oil**. This can be used as a non-toxic insecticide for your plants or garden items. This product can be applied as a foliar spray or as a soil drench to be absorbed by the plant. Apply this product in indirect sunlight or in the evening to prevent foliage burning. **\$5.95/32oz.**
- We are getting into the time of year where you may start seeing little white moths in your yard. These can be sod webworms. If left untreated, they can damage your healthy yard. Best way to detect them is to walk through your yard or pay attention as you mow for them flying off. If you see these, **the best recommendation is to apply liquid Bifen I/T three times in a 15 day period.** This application rate will help break the growth and reproduction cycle of the moth. **\$25.95/Qt, or \$37.75/Gallon**
- We have started carrying **Taurus SC** for insect control. This product can be used in the yard to kill all types of ants, including Big-Headed Ants, Crazy Ants, spiders, and other outside bugs. This product is designed for outdoor use only. **\$63.50/20oz**

## In the Pasture

- We have received a lot of requests from customers to get Huisache under control. **The best time of year to get a strong, effective control is in the fall.** In conversations with our Dow representative, he recommended spraying in the months of September-November if the conditions are correct. If you do not think you can wait until the fall, you can apply products like Grazon Next to knock them back. This treatment method can allow you to get some control until the fall spraying window.
- We are adjusting our prices on some of the more popular chemicals. This month we will be discounting Remedy Ultra in gallons and 2.5 gallons. **Pricing on gallons is \$67.85/Gallon. The 2.5 gallons will be \$166.75/2.5 Gallon.**

### In the Animal Pen

- We have started carrying 3/8 creep from Purina again. We had strong support from customers to make this change. Our goal is to carry the products you want and those that move well in our store.
- We have a few new items for your horses:
  - Liquid 747** for horses – This is a product designed for working horses. It contains liquid amino acids for healthy muscles and contains electrolytes to replace those lost by hard-working horses. **\$19.95/Gallon**
  - Mosquito Hault** for horses – This is a Permethrin based product that kills and repels mosquitoes, as well as gnats, face flies, stable flies, house flies, mites, chiggers, and lice. **\$16.25/32oz or \$54.50/Gallon**
- We have started carrying small packages of Purina Feed that can be used for chickens, turkeys, and other game birds. We have the products available in 5LB bags for chicks and mature birds. In this product offering, we also have 5LB bags of Start and Grow and Oyster Shells. **Purina Grit chick and adult \$3.45/5LB, Start and Grow \$3.95/5LB and Oyster Shells \$3.65/5LB.**
- We are also carrying a **Purina Pro Nurse Multi Species Milk Powder** in an 8LB bag. **\$24.50/8LB bag.**
- Start looking at **Purina Precon Complete**. This product encourages calves, just weaned off cows and/or stressed during transportation, to begin to eat dry feed and recover from the stresses of weaning and shipping. **Medicated \$11.65/50LB and Nonmedicated \$9.75/50LB**
