## In Our Store

- This month, we will collect cleaning supplies for **Pet Adoptions of Cuero**. You can drop off the cleaning supplies in our store or donations in the bucket located on the counter.
- Have you spent many days outside in your yard and felt like something is missing? Consider getting a new **Ash Swing** to add to your favorite porch or tree. These Amish-made swings are a good addition to any area where you relax. **Cost is \$156.00/Each**. If a swing is not your style, consider a **Hickory Rocker** for your porch **\$188.50/Each**.

## In the Pasture

- While the current weather does not look favorable, we are speaking with our suppliers about booking Oats and Ryegrass. We have a consistent group of customers each year that purchase these fall grass seeds. If you are interested in planting again this year, give us a call so we can make sure we have the seed for you. We do not have current pricing yet, but will share that information when we get it.
- We have some rolls of **Red Brand 48" Non-Climb Horse Fence** that we would like to get out of our inventory. **Pricing on these rolls are \$152.00/Roll.**

- We are starting a list for spraying Huisache. As we approach the September/October timeframe we will start to spray. The best conditions for use to spray is an undisturbed plant under 3 FT tall and dark green leaf coverage. Depending on the condition of the plants, you can expect \$27.02/Acre - \$38.54/Acre depending on the chemicals used. This pricing includes chemical, surfactant, and application.
- We have a new supply of **Wylie 25 and 50 Gallon Spot Sprayers**. These sprayers are of good quality and are designed to last for many years. We have them for review in the warehouse above the Interstate Batteries. **Cost on the 25 Gallon sprayer is \$445.40/Each and 50 Gallon sprayer is \$531.25/Each.**

## In the Animal Pen

- As the grass is starting to dry out, the forage quality is minimal and supplementation is needed. **Liquid feeds available are Westway 33-1-3 Protein \$0.15/LB and Purina Liquid Accuration 32-10 \$0.21/LB.**
- Purina has started adding RX3 Immune Support Technology to their calf-weaning starter feeds. This addition to their Precon feeds has proven to improve average daily gain, overall group weight gains higher compared to other herds, and help reduce cost and overall improve the herd health. We have the medicated and non-medicated Precon in stock for your needs. If you need the veterinary prescribed Precon, give us a call so we can have it available.

- We have also started carrying **Purina Availa 4 Mineral Tubs with fly control**. These tubs have a research-recommended rate of Zinc, Manganese, Copper, and Cobalt. These 4 minerals are critical to reproductive performance and also help aid the immune system of stressed cattle. **Cost is \$158.35/225# Tub.**
- With the grass getting shorter, the cattle will be eating closer to the ground. The need for worming will increase due to these circumstances. We mentioned before about **Safeguard Worming Blocks and Safeguard Worming Cubes**. **Cost on the Safeguard Worming Blocks is \$50.15/Each (1 Block/8 Head), and Safeguard Worming Cubes \$50.45/50LB Bag (.5#/100 Weight).**
