AUGUST 2020 NEWSLETTER

In Our Store

- We have starting carrying some new bird blocks and wild animal blocks made by Purina. These **Game Bird, Wild Bird, and Wild Life** pressed blocks have a variety of seeds to attract all the species and animals that a normal bird seed mix will. Stop by the store to look at what we have available.
- We have a variety of dog collars that we would like to get rid of to make room for a new supply. The collars range from leather \$3.86/Each, reflective bright colors \$7.14/Each, and Hog Dog Collars \$25.70/Each.
- **This month, we are going to showcase our Exclusive Signature Dog Foods. These are the same blue and red bags that they have always manufactured. They have changed the name in order to expand the product line. This grain-free dog food is designed with a Comfort Care Package including probiotics, proprietary yeast, chicory root, and beet pulp fiber. They are available in 30LB bags in either Lamb and Brown Rice or Chicken and Brown Rice for \$33.20/30LB Bag. We will also have samples in the store for you to take home and try.**

In the Yard

- The yards sure have perked up from the rain over the last few weeks. While not much is going on, keep an eye on funguses that will start to creep in as we approach the fall. You can head them off with an application of liquid or granular fungicide. Other than that, keep on mowing.

In the Pasture

- We are starting to get questions about pricing on oats and ryegrass for fall planting. We have discussed pricing with our suppliers, but have not finalized what those numbers will be. There are conversations that oats may be in short supply, but ryegrass should be plentiful. We should know more within the next few weeks. Our recommendation is to let us know if you are interested in the seed so we can have it available for you.
- The fall always brings excitement for many of you who want to get rid of the Huisache on your place. We have two recommendations for treating the Huisache with a foliar spray: 1) 1.5qt of Grazon Next \$27.44/Acre or 2) 1qt Grazon Next and 1qt Tordon for \$38.82/Acre. We recommend the Grazon Next and Tordon mixture if you have shredded your pasture over the years or the plants are reaching our maximum spray height of 4FT. If you need us to come out and give our best opinion, please let us know.

In the Animal Pen

- It's hard to believe that the fall is nipping at our heels. With the colder weather coming, many of you will be looking at ways to make feeding your cattle easier. We have received a new supply of T&S Cube Feeders. We have the different sizes available: 3000# on Wheels \$5,800.00/Each (Available in Ground Driven and Electric), 1000# \$3,100.00/Each, 750# \$3,000.00/Each, and the always popular \$300# JR \$1,495.00/Each.

- Don't forget that your current hunting license will expire at the end of this month. Stop by the store to get your new hunting licenses.
- We will hold our **Pallet of Corn Day** early this year. We have made this decision so everyone who is getting their feeders going Labor Day weekend has a chance to take part in the deal. **On Saturday, August 29, 2020, we will have full pallets of corn for sale at \$5.75/50lb Bag. To give our customers the best opportunity to get corn at a cheaper price, we are offering pallet price on corn for one day only. We will only sell the corn at this price by the full pallet.** We will not allow partial pallets or pick up at a later date. We will only load those customers who are in the door by 12:00 PM. We will not offer any POD's or orders on hold for that day. You will need to show up, pay for, and pick up the corn on this day. **There will be 40 bags/pallet. We will have a good amount of corn made for that day, but it will be first come, first serve while it last.**
